

# COVID-19 RESPONSE

- *Ruskin*® HQ and all factories remain fully operational
- Cross-border transport of products continues without delays
- CDC guidelines followed in all of our facilities

## COVID-19 Response Case Studies

### **Life Safety for COVID-19 Treatment Center in Chicago, IL**

*Ruskin*® Rep Air Products Equipment ordered six model DIBD20 UL555 classified dynamic curtain fire dampers. These dampers were vital for life safety within a COVID-19 treatment center in Chicago. The order was placed at 4:00 pm and our Lexington plant shipped the next morning!

### **Urgent Hospital Expansion in Jacksonville, FL**

*Ruskin*® Rep Tom Barrow Co. were working on an urgent hospital expansion project in Jacksonville, FL needing combination fire and smoke dampers for life safety! They ordered nine dampers at 9:00 am on April 9<sup>th</sup> and *Ruskin*® shipped the dampers that afternoon on air freight to be installed on April 10<sup>th</sup>! The dampers were *Ruskin*® model FSD60 and included 24-volt actuators, 20" long sleeves, position indication switches, and 1-sided FAST mounting angles, and six of the dampers were large, multi-section assemblies!

### **Monitoring Pressurized Rooms in Rural Colorado**

*Ruskin*® Rep Long Building Technologies needed airflow measurement for a COVID-19 hospital expansion project in Colorado. Two TPD05K airflow probes and four AMP002 airflow probes were ordered on April 7<sup>th</sup> and shipped April 10<sup>th</sup>. These products are a key piece in monitoring pressurized rooms used amidst the COVID-19 crisis.

# COVID-19 RESPONSE

## COVID-19 Response Case Studies

### **Containment Needed in Laboratory in Baton Rouge, LA**

*Ruskin*® Rep CIS needed to support new laboratories in Louisiana. Bubbletight dampers were needed to provide containment for new testing areas as part of their expansion. Six model BTO82 industrial bubbletight dampers were expedited by Ruskin's Geneva plant for delivery required by April 9<sup>th</sup>.

### **Temporary COVID-19 Hospital Required Volume Control in Providence, RI**

*Ruskin*® Rep Air Distribution Corp. were working on a temporary COVID-19 Hospital in Rhode Island, where a CDR25 commercial volume control damper was needed fast. *Ruskin*® took the order late in the day on April 14<sup>th</sup> and shipped it the next morning of April 15<sup>th</sup>!

At *Ruskin*®, we take performance seriously, especially when our customers need rapid delivery of high-quality dampers and louvers. When we commit to shipping your order on a Same Day, Next Day, 72 Hour, 5-Day, 7-day or 10-Day program, it's guaranteed!
